

Michael Flanagan Receives Eagle Scout Award

Congratulations to Michael Flanagan who received his Eagle Scout award on Saturday, May 9th, 2009. Michael chose to give back to our parish and the youth ministry program for his Eagle Scout project by organizing and supervising the construction of a beautiful fire pit on our Pax Christi campus. Thank you Michael for sharing your gifts with our parish. The fire pit is a great addition to our campus and will enhance our community building opportunities.

Dear Pax Parishioners,

On behalf of the Rochester Catholic Schools students, administrators, faculty and staff, I want to thank you for all of the support you have given to the Rochester Catholic Schools during the 2008-2009 school year. Your support through financial resources and prayer have served as a catalyst for a very successful school year. As our students move into the summer months, please keep them in your prayers for a safe summer. May God bless you for your continued support.

Dennis L. Nigon
President, Rochester Catholic Schools

Lourdes High School

Would you like to help make the new Lourdes High School a reality? If you can share a few hours per week during the summer, we have a job for you. The **Lourdes Building Our Future** campaign is seeking folks who can assist us with phone calls, preparing mailings and other office tasks. If you can help, please call Barb at the Rochester Catholic Schools Development Office 424-1817. Thank you!

Additional Kindergarten Section Added

RCS has grown to a the point that we have opened a seventh section of Kindergarten, which will be housed at St. Pius X School. This additional Kindergarten class will allow us to accommodate those children who have been on waiting lists and, at the same time, provide smaller classes. If you would like to have your child in an all-day kindergarten class that provides a quality, Catholic educational experience, contact any of the RCS offices.
